

Employee recommendation letter for Ramil Sadikhzada

To whom it may concern:

It is my pleasure to recommend Ramil Sadikhzada for any future career and education milestone he is planning to achieve.

Ramil Sadikhzada has been employed by BMS Global Services LLC for the last 2 years. During this period, he showed all the qualities that employers seek in searching. He has an excellent capacity to quickly grasp new theories and applications, and has always sought to gain new responsibilities.

Ramil has demonstrated strong interpersonal skills and has earned the admiration and respect of both subordinates and superiors alike. Always displaying a positive attitude, Ramil has a talent for identifying the best abilities of each person on her team, assigning them tasks at which they usually excel and skilfully motivating them so that they put forth their very best efforts. He handles stressful situations in a calm and methodical manner and knows instinctively when a member of her team needs a little extra encouragement.

One of the successful illustrations of his work was implementation of "SCRUM" framework inside our company. The work which he has done made huge impact in acceleration and efficient delivering of project tasks on time.

I would conclude by saying that apart from being a good professional and colleague, Ramil is genuine human being. I wish all the luck for his imminent, bright and successful future.

Please feel free to contact me if you would like to discuss this matter further.

Sincerely,

Tural Salahov
